

Character

I had a friend a long time ago,
I was thinking him to know,
I'm still down and he gets up,
now he is the boss on top.

We are not friends any longer,
took his scepter always stronger,
want to be a ruler without fails,
these words so dull that I could wail.

Chorus:

What happened to your character
what happened to the man I knew,
as more as you got domatic,
as really you have been right

What happened to your character
what happened to the man I knew,
Leadership must be for the followers,
not the enrichment of their leaders.

Character

If you dream it you can do it,
truth for you, incompetence for me,
you wanna see the character of a man,
let him come to power and you'll see.

We're so sick and tired of you now,
your luck, we still don't know how,
to kick you off your little throne,
hasta la vista, leave us alone.

Chorus:

Character

When a sovereign is doing the right thing,
Character
he is going to have an influence on the people,
Character
without an order someone to do something.
Character

Solo:

Dictators always do things right,
leaders always do the right thing,
no bad soldier under a good general,

to lead people you've to walk behind.

The future belongs to those who,
believing the beauty of their dreams,
your faith is believing in something,
you even know it can't be true.

Chorus:

Character
