

Heaven

You - When I look at you my heart beats faster than before
You – When I look at you my love grows stronger ever more
 Hmm – when you smile for me
 Whoa – I feel like I will be in

Chorus:

 Heaven – with you baby (whoooo)
 Heaven – with my lady (Ohh)
 When the room goes cold I will be your fire
 When the well runs dry I'll wet your lips tonight in
 Heaven – with you baby (whoooo)
 Heaven – with my lady (Ohh)
 Tonight we get so close let the sparks ignite
 Can you feel the heat come on we'll find the light in

 Heaven....

 Heaven....

You – when you're next to me I feel my dreams will all come true
You – when you speak to me the sky will fade from grey to blue
 Hmm – when you're touching me
 Whoa – I feel like I will be in

Chorus:

 Heaven – with you baby (whoooo)
 Heaven – with my lady (Ohh)
 When the room goes cold I will be your fire
 When the well runs dry I'll wet your lips tonight in
 Heaven – with you baby (whoooo)
 Heaven – with my lady (Ohh)
 Tonight we get so close let the sparks ignite
 Can you feel the heat come on we'll find the light in

 Heaven....

 Heaven....
