

# **Shrinking Brains**

I'm the needle in your hands  
Fix me with a freezing glance  
Hey Man – who are you?

Now I get down in your flesh  
Boy who gave you all the Cash  
To kill you slowly

Then the Liquid floats through me  
I will take reality  
So far away

When you awake the race restarts  
I'm in everybody's heart  
I take you to the stars

Chorus  
Shrinking Brains – every day  
Shrinking Brains – you will pay  
Shrinking Brains – every day  
Shrinking Brains – you will pay

Get exchanged - every day  
There's no need for you to pay  
For me, my brothers

You got me – that is enough  
The race is on you are so tough  
The first is safe

I'm in everybody's hand  
I thought we had a romance  
Oh no – bad boy

Now I'd like to get divorced  
Last time you see the flying horse  
I'll take you to the grave...
